

When you're struggling with mental illness, where can you find the help you so desperately need?

Each year, here in Clark County, we respond to over 20,000 crisis calls, treat over 6,000 people, counsel over 1,000 children and their families, and serve up to 3,000 clients each week.

We are the primary source of treatment in Southwest Washington for anxiety, depression, schizophrenia, bi-polar disorder, dementia, chemical dependency, attention deficit disorder, and many other serious illnesses.

With your generous support of our new expanded treatment facility, you will make it possible for us to provide even more men, women and children with the best possible quality treatment and care.

Columbia River **Mental Health Services**
Lives change here

6926 E. Fourth Plain Blvd. Vancouver, WA 98663 • (360) 993-3048

Mental illness is . . .
more common than cancer, diabetes or heart disease • the leading reason for hospital admissions • the leading cause of disability worldwide • a multi-billion dollar burden on our economy

Mental illness affects . . .
*one in five families
one in five children
one in four women
one in ten men*

Mental illness touches all of us each and every day

***In Clark County, the answer could be
Columbia River Mental Health Services***

We provide over 80% of all mental health services in Southwest Washington, including:

*Suicide and Crisis Intervention
Chemical Dependency Treatment
Youth Violence Intervention
Child and Family Counseling
Psychiatric Treatment
Senior Services*

but we can't do it alone

Join us in making *a real difference in people's lives!*

Your generous contribution today will help us complete our new expanded treatment facility in Vancouver.

***We need you –
can you help?***
